Context	The BlueMissionMed cross-fertilization activities aim to develop synergies and contribute to exchanges of good practices and sharing of innovation solutions with other Missions and Partnerships acting in the Mediterranean Sea basin. With this aim, between Summer and Autumn 2025, BlueMissionMed is organizing a set of webinars.
Objectives	<ul> <li>2<sup>nd</sup> Cross-Fertilization Webinar aims to</li> <li>Expand outreach to Southern and Eastern Mediterranean and Black Sea regions.</li> <li>Foster strategic collaboration with regional initiatives and institutions.</li> <li>Enrich the Catalogue of Solutions and Services with governance and societal innovations.</li> <li>Promote cross-basin learning</li> </ul>
Organizer	BlueMissionMed <a href="https://bluemissionmed.eu/">https://bluemissionmed.eu/</a> The EU-funded BlueMissionMed coordination and support action, aimed at supporting the implementation of the EU Mission Restore Our Ocean and Waters, is committed to empower all the actors that can take a role in preventing and eliminating pollution in the Mediterranean Sea and waters. The goal of BlueMissionMed is to support, connect and structure existing initiatives and activities, disseminate and upscale transformative innovative solutions, mobilise and synergize relevant actors.
Target participants	European and international key actors, from Policy, Business, Research & Innovation and Civil Society.
Sectoral priority	<ul> <li>The webinar will focus mainly on the indicated priorities of preventing and eliminating pollution of our oceans, seas and waters;</li> <li>Broaden geographic and thematic scope of the Innovative Transformative Solutions</li> <li>Demonstrate commitment to inclusivity and cross-basin cooperation</li> <li>Share successful models and solutions. Explore future collaboration opportunities.</li> </ul>
